

Kelly Robbins
Associate Systems Engineer
Real Estate Services Group
Federal Reserve Bank of Cleveland
He/him/his

Kelly Robbins is a systems engineer associate working in the Real Estate Services Group (RESG) at the Federal Reserve Bank of Cleveland. Kelly is a part of the department's Planning Design and Construction team and supports the coordination, oversight, and day-to-day operations of the District's Building Management System. In his role, he provides building technology subject matter expertise to RESG as it relates to space and infrastructure upgrades and is co-leading the District-wide multi-year building management system upgrade project.

Kelly joined the Bank in the summer of 2019 as a mechanical engineering intern with the Real Estate Services Group. He returned to the Bank as a part-time employee in January of 2020 before beginning in his full-time role in May of 2020 following graduation.

Kelly obtained a BS in mechanical engineering from the University of Akron.
