A Secure & Private USPS HOME FAQs

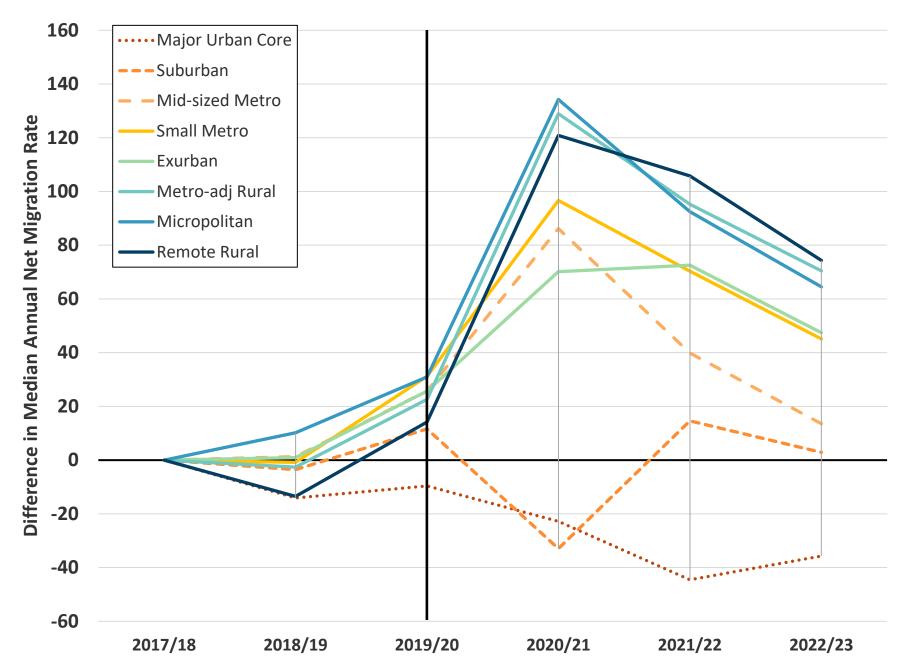

The U.S. Postal Service is enhancing security protocols surrounding its Change of Address (COA) service by implementing additional identity verification methods. These enhancements are designed to address global identity theft concerns, and to protect our customers' information. The Change of Address service remains simple and convenient to use. It can be completed in a few steps, online at USPS.com, or by visiting one of more than 33,000 local Post Office locations.

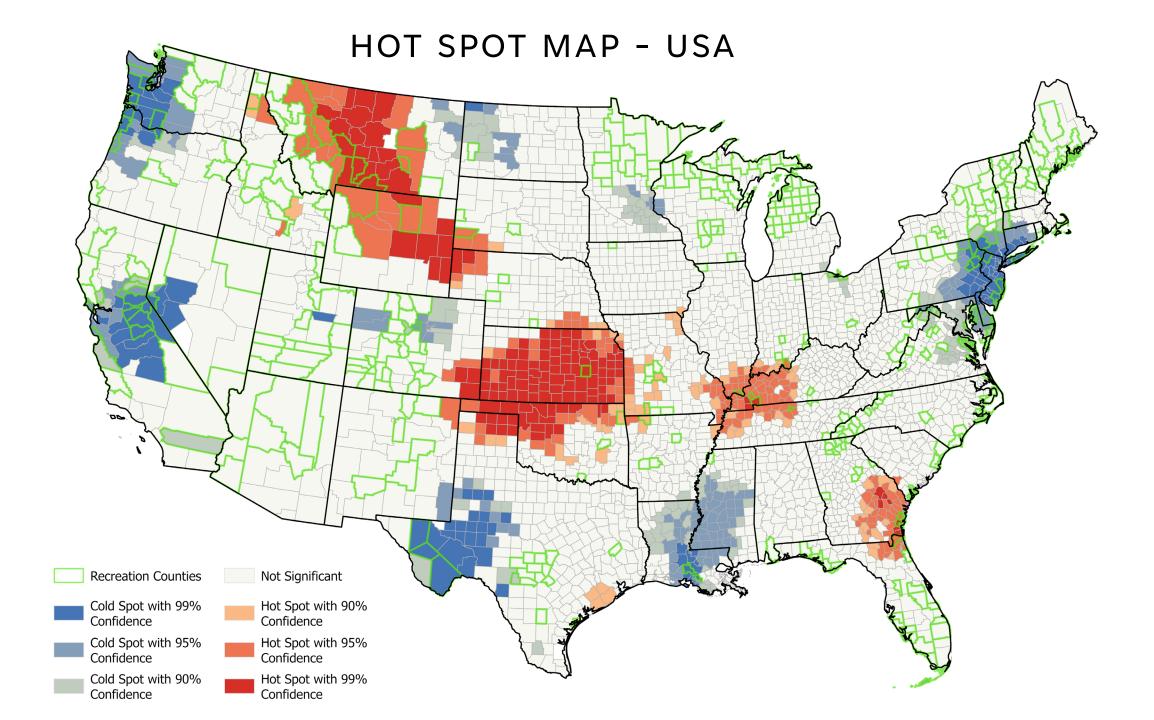

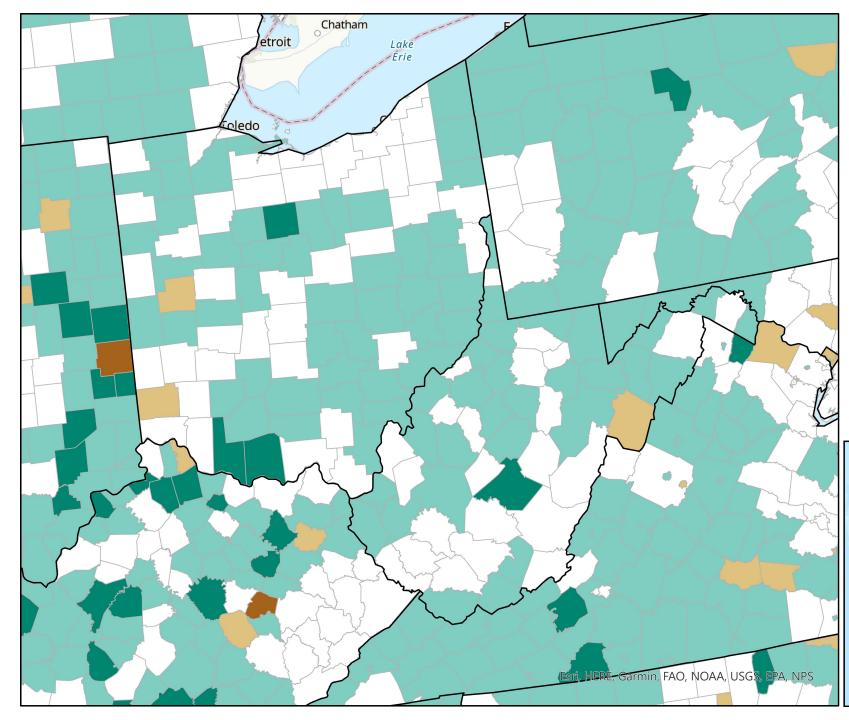

Plus, keep an eye out for additional services that may be available
